RE: Proposal for Technical Services – System Installation and Network Maintenance

Dear Mr. Cook:

We at Sharp Communication appreciate the opportunity to provide the City of Huntsville, Water Pollution Control Department with continued technical support for your communication and security systems. It is our intention to provide you with consulting, installation, repair, maintenance and support for the City's communication systems, security systems and networks. The following is a discounted labor rate schedule for various services:

Field Installation Services – \$95/hr.

Field Technical Services – \$95/hr.

Engineering Services – \$95/hr.

Project Management – \$125/hr.

Consulting Services – \$125/hr.

If the labor categories listed in this price list are performed after the standard eight (8) hour workday, the rates above do not apply and these standard rates should be multiplied by 1.5 to obtain the Over-Time (OT) rate for the applicable labor category. Saturday (after noon), Sunday and Holiday work is at Premium-Time (PT). It is typically double-time (standard rate is multiplied by 2.0).

We have expanded our proposal to include removal, installation and repair of vehicle mounted equipment. See attached schedule for installation bay labor rates related to installation/removal of mobile radios and public safety equipment.

We propose to provide the listed services at these rates for a cumulative fee not to exceed \$100,000 and we will warranty our workmanship for a period of one (1) year.

If you require any further information, please let me know. We look forward to having the opportunity to work with you.

Sincerely,
Sharp Communication, Inc.

Wayne Morrison
Director of Technical Services
